

Superbill Guide

Hello,

Welcome to our practice, Lingua! We are looking forward to helping you. At this time, we do not directly communicate with insurance. However, we do provide you with a superbill and this superbill guide to best help.

What is a superbill?

A superbill is a document that healthcare providers use to bill insurance companies for services rendered. It includes information about the service, such as the date of service, type of service, and provider's name.

How do I know if my insurance will accept my superbill?

Contacting your insurance prior to your session with Lingua is important.

What information do I need to provide and what questions I need to ask to see if they will reimburse me? Here is a sample of what to say:

" I am inquiring regarding reimbursement for out of pocket expenses for therapy for NAME/DOB. If the provider provides a superbill, will you reimburse the expenses? I have all the needed information about the provider"
